

## Books by Kessily Lewel & Sadie Marks

Do you have them all?

### Spoiler alert!

This check list will list the major tropes and list some potential triggers which may ruin surprise twists. If you have no triggers and prefer to be surprised, please download the OTHER checklist, it's spoiler free.

I can't guarantee nothing else will trigger you in these books because triggers can be very individual, but these are the ones I thought might be an issue. That's the best I can do. I hope it helps!

All my books are kinky and all of them have spanking, punishments, and D/s relationships so I don't feel like I need to list that in any case.

As they are romance all books end with at least a HFN if they are in a series, or a HEA.

## Kessily Lewel

**Gifted Affinities** (Paranormal/ Ghost&Medium)

**Tropes:** Forced Proximity, Doomed Love (though there is a HEA in book two), Paranormal Romance, Virgin Because of Circumstances

**Possible triggers:** NC punishment in the beginning, later accepted and desired, forced exhibitionism (due to circumstances), some native slurs from the villain.

## **Daddy Takes the Reins** (Contemporary/ Cowboy/ Daddy kink with no ageplay or Littles)

**Tropes:** Second Chance Romance, Meddling Parent(s), Daddy Kink, Childhood Friends to Lovers, Commitment Issues.

**Possible triggers:** They are a RACK (Risk Aware Consensual Kink) couple who do not use safewords during punishment, by the **submissive's choice** and request. Death of a parent, grief.

- Claiming His Brat
  - Taming His Brat
  - Keeping His Brat
  - Forever His Brat
- 
- Daddy Takes the Reins Box Set (includes books 1-4 which are a complete story arc)

Krampus Zaddy

With Krampus for the Holidays Box Set (includes: Daddy Krampus, Krampus Sir, Krampus Doms)

## Stand-alone books:

☐ Mastering Amari – originally named Enslaved by Magic. (Paranormal/Contemporary)

**Tropes:** Forced Proximity, Cursed Heroine, Paranormal Romance, The Power of Love, Secret Baby, Trapped by Circumstances, Tragic Past, Afraid to Lose Her.

**Possible triggers:** Amari is a genie doomed to be owned by whoever owns her bottle and must obey—her past is dark and filled with abuse but most of it is heavily implied and not detailed. That being said everything still manages to be pretty consensual with her love interest.

☐ Architect of His Desire (Contemporary/ Office)

**Tropes:** Office Relationship, Boss/Employee,

**Possible Triggers:** The opening scene appears non-consensual until context is applied.

## Shared World Series

**Master of the Zodiac** (A contemporary paranormal romance shared world series.) The books are stand-alone and each one is written by a different author. There will be some minor interactions between books as part of the shared world.

☐ **Scorpio – Book Two**

**Tropes:** Dark Secrets, Second-Chance Romance, Hidden Past, Sworn Off Relationships, Revenge Against Ex, Starting Over, Trying Again, Avoiding Destiny, Avoiding Fate, Rejecting the Call, Can't Fight Fate, Betrayal, Lovers Forced to Opposite Sides, Outside Forces Tearing Them Apart

**Possible triggers:** The tropes make this sound darker than it is.

The relationship starts under a false pretense because Natalie was sent to make Cole fall for her. They are rivals for a special destiny, but he's not aware of it. She is. Lots of secret keeping but only on her side.

The feelings turn real for her too almost immediately, however, and she eventually ends up trapped in her lies and has to leave Cole abruptly, breaking his heart.

Years later he finds her in a volunteer slave auction and buys her contract with the intent to get his revenge and he is cold and a little cruel at first, but it doesn't last long.

Some war/death scenes. They are brief and not too graphic, but he is an ex-soldier.

Threats of public humiliation. (turn-on for her)

### **Anthologies:**

## **Sadie Marks**

**Rise of the Sadecs** (Sci-Fi/ Alien abduction)

**Tropes:** Interspecies Romance, Alien Abduction, Non-standard Mating, Mars Needs Women/Men (In this case gender is irrelevant), Official Couple, Special Mating Needs, Bizarre Alien Biology

**Possible triggers:** The Sadec used to kidnap humans, but now they have a deal for volunteers. They have not returned the humans they took before though, so the series includes a mix of humans who volunteered and some who were outright kidnapped and stolen away by the Sadec race. There is quasi-C and NC.

The Sadecs believe in sharing what they treasure most, that includes their humans. Public punishment, sometimes harsh punishment.

Surrendering to Her General

Taken by the Renegade
